D. BACKGROUND AND EXPERIENCE	
Please briefly present the partner organisation.	<p>CSSI is a Slovak-based scientific and educational organization committed to advancing innovation and research. In order to help kids and adults adapt to and successfully integrate into a dynamic society, we support their educational and consulting endeavors as well as the development of their psychological and soft skills. By pursuing lifelong learning, we hope to make a positive impact on society while meeting the demands of the labor market today.</p> <p>Through intercultural learning, we hope to strengthen people's entrepreneurship, creativity, social inclusion, and acceptance of cultural variety while also helping them to develop and carry out their ideas into tangible initiatives that bolster their innate abilities, strengths, and capacity for entrepreneurship. We take up and carry out a number of creative projects in the areas of formal and informal education, offering young people guidance, information, and training.</p> <p><i>Our Goal</i> give you practical, actionable advice to assist you in making the right choices for the expansion and prosperous growth of your company. To be acknowledged for our superiority in terms of research advancements and educational opportunities provided to a variety of clientele and circumstances.</p>

	<p>CSSI is an innovative company focusing on 5 core areas of business, including:</p> <ol style="list-style-type: none"> 1. Consulting and Research Studies 2. E-Learning and Trainings 3. Web Development and Online Applications 4. Psychology and Soft-Skills Advisory 5. Project Management and Implementation
<p>What are the activities and experience of the organisation in the areas relevant for this application?</p>	<p>Based on our experience and previous activities, we believe, we can be a strong partner in any Erasmus Plus project in areas:</p> <p>1. Research Studies and Consultation The core of our business's success is our highly skilled team, which offers advisory services in certain fields like career guidance, entrepreneurship, administrative services, and acting as a middleman between individuals and enterprises collaborating on job and career markets.</p> <p>2. Trainings and Online Courses</p> <p>Organisations may better meet the diverse learning demands of their workforce by utilising Edu Hub. With the aid of subject-matter specialists, our custom e-learning services assist organisations in identifying their needs for online learning, formulating strategies, identifying solutions, creating storyboards, developing content, and creating online courses. With the help of our coaches, mentors, and trainers, as well as ourselves, we are able to share our best practices from our experiences. Our background in soft-skills education includes:</p> <ul style="list-style-type: none"> ● Lifelong learning ● Soft skills ● Leadership development ● Coaching ● Entrepreneurship ● Talent management ● Burn-out ● Innovation ● Gender equality ● Financial literacy ● Eco literacy ● Social media/fake news literacy ● Sport ● Critical thinking ● Ageing population ● Career counselling <p>3. Web Development and Online Applications We translate audacious concepts into useful product solutions for everyday usage. Online assessments, e-learning platforms, apps, and platforms. Development and design, customisation, and managerial support are all included in this area.</p>

	<p>4. The Advisory on Psychology and Soft-Skills Sets</p> <p>Worker social and emotional intelligence is a skill that robots cannot acquire as automation and artificial intelligence drastically alter the nature of work. Companies and people need to change how they evaluate, teach, train, and reward employees for soft skills like teamwork, communication, and critical thinking if they want to promote this behaviour. Soft skills are essential to organisations because they influence culture, mentality, leadership, attitudes, and behaviours. Soft skills are often defined as non-technical abilities that allow someone to engage with others successfully and peacefully.</p> <p>5. Execution and Management of Projects</p> <p>This covers work on project execution as well as the intellectual outputs of projects or the exchange of best practices including:</p> <ul style="list-style-type: none"> ● Dissemination ● Evaluation ● Risk management ● Progress reporting ● Monitoring ● Financial management
<p>What are the skills and expertise of key staff/persons involved in this application?</p>	<p>The founder, Ms. Soňa Štefková,</p> <p>Katarína Kubičková is a passionate project coordinator and event manager with a master's degree in International Management. Boasting a rich background in marketing, event planning, and project management, she brings a wealth of expertise to her roles managed fluently in Slovak and Czech but also proficient in English and German. Her particular strengths lie in skillful project coordination and the meticulous organization of project events. Financial literacy and social inclusion are two key areas of her interest. Leveraging both her academic pursuits and hands-on experience, she has accumulated valuable insights through over four years of volunteering at non profit sector. This extensive period of volunteer work has enriched her understanding of crucial topics, contributing to her depth of knowledge and skills.</p> <p>Nikola Poláková represents a company Project manager, Business Developer and Facilitator. She graduated in translations and interpretations studies at Comenius University in Bratislava. In the following years she had a chance to work in the language exchange, translation and sales industry. In the Edu-hub company she is in charge of Erasmus projects management and cooperation with partners. She provides proficiency in English, German, French and Slovak language.</p> <p>The team has extensive experience in the implementation of national and EU projects, with particular attention to the Erasmus + program. We have implemented a large number of projects on informal certification in different sectors, on learning methods; on the development of curriculum and training courses; on the ICT, e-learning and digitization projects; and on the creation of materials for trainers and on the skills development paths of educators and youth workers.</p> <p>We are strong in providing project management and implementation in the field of Erasmus Plus projects, including both mobility as well as strategic partnership (KA1 and KA2) from all the previous work experience. This includes work not only on the intellectual outputs (we can integrate expertise of all our services), best practice sharing or training provision, but also on the project execution, including: dissemination, evaluation, risk management, progress reporting, monitoring and financial management.</p>
